

To request a Time Extension (TE) or Alternative Diversion Requirement (ADR), please complete and sign this request sheet and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the Board. If you have any questions about this process, please call (916) 341-6199 to be connected to your OLA representative.

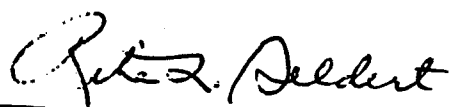

Mail completed documents to:

California Integrated Waste Management Board
Office of Local Assistance, (MS 25)
1001 I Street
PO Box 4025
Sacramento CA 95812-4025

General Instructions:

For a Time Extension complete Sections I, II, III-A, IV-A, and V.

For an Alternative Diversion Requirement complete Sections I, II, III-B, IV-B and V.

Section I: Jurisdiction Information and Certification			
All respondents must complete this section.			
I certify under penalty of perjury that the information in this document is true and correct to the best of my knowledge, and that I am authorized to make this certification on behalf of:

Section II—Cover Sheet

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

☐ No. If no, stop; not eligible for a TE or ADR.

☒ Yes. If yes, then eligible for a TE or ADR.

2. Specific Request and Length of Request

Please specify the request desired.

☒ **Time Extension Request**

Specific years requested 2003, 2004, 2005

Is this a second request? ☒ No ☐ Yes Specific years requested.
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

☐ **Alternative Diversion Requirement Request (*Not allowed for Regional Agencies*).**

Specific ADR requested %, for the years .

Is this a second ADR request? ☐ No ☐ Yes Specific ADR requested %, for the years .

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

Note: Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

Section IIIA—TIME EXTENSION

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIA-1).

1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.

The City of Vista is requesting this time extension allow for the implementation of a new Construction and Demolition ordinance, and the aggressive expansion of the city's commercial recycling program. The City's SRRE has 39 programs. However, the city has increased in population, and at the same time experienced a significant expansion of commercial and industrial development. The City's current SRRE selected programs are not addressing the largest waste producing elements in the City.

There are barriers to the programs the city wishes to create and expand. In terms of the creation of a Construction & Demolition ordinance, current barriers include a lack of cooperation from contractors, the inexistence of local mixed C&D processing facilities, and a need for education of both commercial contractors and Vista residents as to what C&D items can be recycled and where recycling facilities are located. Specific barriers to expanding the City's commercial recycling program include a low level of outreach and education to the city's industrial business community, a lack of available space for commercial recycling bins within the industrial complexes, as well as the fact that there is currently little to no real incentive for businesses to recycle.

2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.

The City of Vista is requesting a time extension through the end of 2005 to allow for the complete implementation of a Construction & Demolition Ordinance, as well as the full implementation of the expansion of the city's commercial recycling program.

In terms of implementing a C&D Ordinance, we will need the requested time to: (1) educate our elected officials and senior management as to the need for a C&D Ordinance; (2) begin outreach and education efforts in the construction community about a pending ordinance (3) draft an ordinance and allow it to run through the council approval process; (4) implement the ordinance, which includes amending and adding the required disclosure forms in the planning department office, and educating Planning Department staff as to how to ensure compliance of the ordinance; and, (5) conducting outreach to contractors and residents regarding the new ordinance and the C&D options available to them.

Additional time is needed for the expansion of the city's commercial recycling program to allow for collaboration with our waste hauler to identify incentives that could be created for commercial recycling; to implement any new policies via an amendment to the franchise agreement; and, to educate the commercial and industrial community as to the new incentives available for recycling.

3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.

Vista has been successful in many of its diversion programs, including

1. Co-mingled Automated Recycling Collection: since moving to a co-mingled automated recycling collection system in March 2002, Vista's diversion has been impacted in a very positive manner, diverting more than 20,000 tons from the waste stream.
2. Greenwaste Diversion: Vista diverts approximately 3416 tons of greenwaste from the waste stream annually.
3. City Recycling Purchasing Policy: Vista City Council Policy Number 100-04 declares that it is the policy of the City to purchase and use recycled products wherever possible.
4. HHW Facility Self Drop Off and Residential Pick Up for Elderly and Disabled:

Vista has almost 40 programs in its SRRE and works very hard to maintain these programs at high levels of participation. In addition, Vista staff works closely with our exclusive waste hauler (EDCO Disposal) to encourage recycling.

4. Provide any additional relevant information that supports the request.

Section IIIB—ALTERNATIVE DIVERSION REQUIREMENT

Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's efforts in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.

Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIB-1.).

1. Why does your jurisdiction need and Alternative Diversion Requirement? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.

2. Why is your jurisdiction requesting an Alternative Diversion Requirement in lieu of a Time Extension?

3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.

4. Describe any relevant circumstances in the jurisdiction that contribute to the need for an ADR. Provide any relevant information that supports the request.

Section IV A—PLAN OF CORRECTION

A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.

Attach additional sheets if necessary.

2040-RC-SFH Commercial Self Haul	New	Construction and Demolition Self Haul for Contractors and Residents. This would require contractor's to work with the City's waste hauler to ensure that all mixed C&D loads from roll-offs will be sent to a mixed C&D recycling facility in San Marcos. The City would use a C&D ordinance to assist in diverting wood, concrete, asphalt, and scrap metal to existing recycling facilities near the City. In addition, the City will conduct an outreach and education program for contractors and residents to assist in increasing participation in the C&D recycling program.		12/31/2005	10%
2030-RC-OSP Commercial On Site Pick Up	Expand	Commercial Recycling Program. The City plans to work with its waste hauler to improve commercial recycling. The City will increase outreach and education to its industrial corridors, and work with our waste hauler to identify potential incentives for recycling by commercial businesses.		12/31/2005	5%
3030-CM-CSG Commercial Self Haul Greenwaste	New	Greenwaste Self Haul for Landscaping Companies. The City intends to provide a number of drop-off sites for green waste throughout the City. City officials will work with the City's waste hauler to identify appropriate sites for drop off. In addition, the City will conduct an outreach and education program for landscapers to ensure they are aware of the availability of drop-off locations and the importance of green waste diversion.		12/31/2005	1%

Section V – PARIS

Office of Local Assistance staff will be reviewing your Jurisdiction's Planning Annual Report Information System (PARIS) database printout as part of the evaluation of your request. Should the Jurisdiction have updates or revisions to the program implementation from the latest Annual Report submitted to the Board, please attach to the application the Jurisdiction's PARIS database printout showing updates or revisions.

Contact your Office of Local Assistance Representative at (916) 341-6199 for a copy of PARIS, or go to the Board's website at www.ciwmb.ca.gov/LGCentral/PARIS/.
